

Student Right-to-Know Graduation Rate Report – St. Thomas University

In accordance with the Student Right-to-Know and Campus Security Act of 1990 and the Higher Education Act of 1965 (HEA), as amended by the Higher Education Opportunity Act of 2008 (HEOA)¹, this document outlines enrollment and graduation rates at St. Thomas University for the general student population and those students receiving athletically related financial aid. A blank cell indicates no students were enrolled in that category. This report was created by STU's Office of Institutional Research & Effectiveness.

Important notes on this report:

- All graduation rates are based on up to six years of attendance for bachelor's programs, which equates to 150% of the normal completion time.
- We have elected not to report transfer-out rates because STU's mission does not include providing substantial preparation for students to enroll in another eligible institution without completing or graduating.
- These charts do not identify the reasons why our students withdrew; therefore, students who withdrew for personal or medical reasons are included.
